Position Title: Business Analyst

Credigy has an immediate need for several talented individuals to join our team as Business Analysts and participate in our Analyst Job Rotation Program at our corporate headquarters in Suwanee, GA.

The Analysts will participate in an intensive job rotation program, with opportunities to gain experience in various critical functions of the company. For example, the program will include exposure to the following areas - Valuation & Pricing, Due Diligence, Business Intelligence, Modeling & Decision Analytics, Inventory Management, Business Development, Finance, Legal, Operations, etc.

Job rotations will take place throughout the Analysts first 18-24 months with the company. Following completion of the program and with direct mentorship and guidance from senior management, the Analysts are expected to select an area of focus where they will continue their professional development and direct their long-term career path at Credigy.

Participants in this program must be capable of engaging in critical technical analysis of a wide variety of data sets. The candidate should be comfortable in attacking analytical problems and be capable of doing so with a creative bent. It is expected that the Analyst will have the ability to work with various technical and analytical teams within the organization and that they will produce meaningful summary analysis from such efforts.

The goal of this program is to develop Credigy’s next generation of leaders. To succeed in this program you must be willing to “go the extra mile”, manage multiple priorities and excel in a high pressure environment. In return, you will work in a highly dynamic, multidisciplinary and exciting team environment with great opportunities for learning and advancement.

Ideal Experience/Requirements:

- 0-2 years work experience
- Bachelor's Degree in Business, Finance, Engineering or Computer Science is required, with demonstrated aptitude in quantitative and qualitative analysis; Graduation with honors is a plus
- Extremely organized with strong sense of priority, urgency and commitment to deadlines
- Analytically sharp and process oriented
- Ability to work well in a team environment and/or independently
- Entrepreneurial spirit with the ability to flourish in a fast-paced and challenging environment
- Ability to handle a heavy workload and manage multiple projects
- Strong communication skills
- Language skills are a plus; Spanish or Portuguese preferred
- Expert level proficiency in Excel, PowerPoint and Word is required; Proficiency with Access is a plus
- Beginning to intermediate skills in relational database concepts and SQL based information extraction
- Limited travel required
Previous work experience is not required, and we will consider recent graduates for this role. The ideal candidate will possess strong analytical skills, be technologically proficient and must be top of their class. Candidates should be able to work independently with minimal guidance. We are searching for a talented individual, with a natural drive for success in a demanding environment.

For immediate consideration, please submit your resume and salary requirements to recruiting@credigy.net or apply online. Resume submissions without salary requirements will not be considered.

Credigy is a provider of consumer receivables management services with current operations in the United States, Puerto Rico and Brazil. Credigy specializes in the purchase and servicing of distressed receivables through the entire recovery lifecycle. Credigy has over 29 million accounts under management, with current balances in excess of $8.5 billion. Credigy is constantly working to expand its portfolio acquisition and servicing business both in the U.S. and in international markets.

Credigy was founded with the objective of building a fully integrated consumer receivables management company that can address many of the inefficiencies inherent in the servicing, collections and debt purchasing markets on a global basis. The senior management team of Credigy has extensive experience in the credit and collections industry including the servicing and purchase of portfolios of distressed receivables both domestically and abroad. The team also has significant experience in the establishment and rapid growth of both domestic and international servicing operations.

Credigy’s corporate headquarters are located in Suwanee, GA a northeastern suburb of Atlanta. Credigy’s web site can be found at www.credigy.net.
